

Image-Arena@web[®]

CONNECTIVITY

Image-Arena[™] GOES Web

Clinical Benefits

- Image-Arena@web[®] provides hospital wide on-time distribution of medical images, loops and diagnostic results such as final reports, measurement values and analysis of all Image-Arena[™] application packages.
- Image-Arena@web[®] enables you to review all results of TomTec's 2D and 3D multi-modality applications.
- Image-Arena@web[®] is a scalable software solution for independent physician practices, cardiac departments in hospitals and large integrated delivery networks.

Anytime – Anywhere!

- Images
- Reports
- At the point of care

Key Features

- Same look and feel as Image-Arena[™]
- Search and sort function over the entire Image-Arena[™] patient and study database
- Review of all clinical results stored in Image-Arena[™]
- Only standard internet technology is used! No software installation on the client PCs required
